

energy storage exhibition opens

When is energy storage International Conference & Expo ?The 13th Energy Storage International Conference and Expo is scheduled for April 10-12, , and will be held at Beijing New International Exhibition Center Phase II. How will the energy storage industry evolve?More than a hundred leading figures in the energy storage industry will convene to deliberate on breaking pathways for the new energy storage industry and uncover routes towards quality industrial development. The global energy transition is accelerating towards carbon neutrality, driving rapid growth in the energy storage market. What's happening at the 12th Energy Storage Summit?Standing at a critical moment as we plan for the upcoming 12th Summit, this event will delve deep into trending storage topics, conducting comprehensive and multidimensional discussions concerning policies, projects, and technologies of energy storage, for an insightful and industry-enriching forum. The fourth EESA Energy Storage Exhibition opened on Aug 13 at the National Exhibition and Convention Center or NECC in Shanghai's Hongqiao International Central Business District.
