

Who is Luyang energy saving materials? Luyang Energy-Saving Materials Co., Ltd. was established in and listed in Shenzhen Stock Exchange in Nov.. Luyang is a sino-foreign equity joint enterprise and integrating energy-saving products research and development, production, sales in the field of ceramic fiber, alumina fiber, soluble fiber, basalt fiber and insulating firebrick. Is Luyang a good company? Luyang has an annual output of 400,000 tons of various ceramic fiber products and 180,000 tons of basalt rock wool products. Luyang's scale, technology, variety and performance have come out top in the domestic industry for more than 20 years, and have ranked among the top three in the world's ceramic fiber industry. What is Luyang refractory fiber production base?, Luyang was identified as the "China largest Aluminium Silicate Refractory Fiber Production Base". High-grade product - zirconium fiber blanket was successfully developed and won the title of "National New Product". Luyang industrial park was completed in three years. When was Luyang established?, Luyang was established. , Mr. Lu Chengbin was appointed to be the director of Luyang. , Needled Blanket Production Line CBC -Iwas built, upgraded product equipment. , Luyang completed the shareholding reform. How long did Luyang industrial park last? Luyang industrial park was completed in three years. Ceramic fiber back lining board, ceramic fiber paper, ceramic fiber textile and other deeply processing products were successfully developed. 3rd Decade , Luyang was listed in Shenzhen Stock Exchange (Stock Code: 002088). What is Luyang famous for? Luyang was awarded the honors of "National Technology Center" and "National Laboratory". Luyang has successfully developed many world-class products such as Soluble Fibers, Monolithic Module and Microporous Board. , imported rock wool production line with an annual output of 50,000 tons was put into operation. About Us Adhering to the mission of "developing energy-saving materials to benefit human society and promote the harmonious coexistence of mankind and nature," Luyang strives to become an Company Overview Luyang Energy-Saving Materials Co., Ltd.
