REC products are known for high quality, great warranties and innovations. What kind of solar panels Does A1 solarstore offer? A1 SolarStore offers PV modules from all over the world for competitive prices and with fast delivery. Let us tell you a little about the panels that we offer, how we deliver them and what kind of solar panel you might need. There are three most popular types of solar panels on the market: monocrystalline, polycrystalline and thin-film. How long do solar panels last? Usually, a flexible panel lasts for 10-15 years. They are quite popular in mobile installations, such as RV and boat systems. Because of their low price, wholesale lightweight solar panels can be a good choice for large projects, especially when the configurations of a surface make it difficult to install rigid modules.
