How to type alt codes with no numpad? I have a laptop (Windows 10) with no numpad, so cannot use alt codes to type special characters. I purchased a bluetooth numpad, but it does not seem to work either. How Shortcut in Word or Excel for Special Paste? If I want to paste without any formatting, I have to go to the 'Paste' button on the ribbon and click 'Paste Special' and then 'unformatted text'. Is there a shortcut like Ctrl+V Why can't you use special characters in a filename, like '?'; or When I try to save a file, if I use special characters in the name (such as a colon, question mark, or exclamation point) in Windows I get a message saying that the file name is Notepad++ inserting special Unicode characters in UTF-8 What's the best ways to enter special Unicode characters into a Notepad++ document? Do I have to rely on the operating system (Windows)? Looking for a see-and-click solution. I can bring up How to use special characters in username/password for HTTP I am trying to setup an HTTP proxy on a Windows machine. Problem is, the password has a special character (@) in it that is causing the set command to fail. I have tried What are the most compatible special characters for During last years I have found problems due this special characters, sometimes symbols have to be escaped at scripts. For example @ symbol at username can produce How to enter accented characters like 'Å'; and 'Ä'; in Windows? In Windows, I can't type characters like 'Å'; and 'Ä';. How do I enter these characters on Windows? Character in filename that makes it sorted in last position in A common trick to have files sorted first in Windows Explorer is to add the \_ character as prefix, as displayed in the screenshot below. Question: Which character can I add A complete list of '%'; relative paths/variables in Windows You'll need to complete a few actions and gain 15 reputation points before being able to upvote. Upvoting indicates when questions and answers are useful. What's reputation Energies | Special Issue : Advanced Underground This Special Issue aims to promote research and innovation in underground energy storage technologies, fostering their development and application to support the global energy transition. EBRD co-finances major renewable energy and The European Bank for Reconstruction and Development (EBRD) is providing a comprehensive financing package of US\$ 142 million (EUR121 million) for two special-purpose vehicles (SPVs) that will develop EBRD co-finances major renewable energy and battery project in The European Bank for Reconstruction and Development is providing a comprehensive financing package of US\$142 million for two special-purpose vehicles that will develop Officials power up revolutionary facility that will transform power An incredible new battery power system in eastern China is showing how the future of clean energy could look: powerful, smarter, and far less reliant on coal.
